

S2A MODULAR • HAAS PORTFOLIO

Next-Gen Modular ADU & Tiny Home Collection

Architectural CAD Floorplans & Turnkey Housing-as-a-Service (HaaS) Revenue Suite: Haven, Harmony, Sierra, Meadow & Cascade.

• Zero Upfront Capital • Passive Homeowner Revenue • Official Sealed Blueprints

The Zero-CapEx Turnkey Backyard Revenue Model

1. Homeowner Benefit

\$500 – \$1,000 / Mo Net

Homeowners license unused backyard space for zero upfront cost. Operator funds permitting, foundation, unit fabrication, crane installation, and tenant management.

100% Passive • Zero Landlord Headaches

2. Operator Economics

\$1,500 – \$2,200 / Mo Net Yield

High-ADR mid-term corporate executive, traveling medical, and high-quality long-term tenant placement yields 18–24 month capital payback per installation.

Scalable Distributed Real Estate Portfolio

3. Precision Modular Speed

30-Day Delivery Timeline

S2A factory-built offsite construction eliminates 90% of neighborhood disruption. Site utility trenching and crane set takes under 48 hours.

Factory Quality • Pre-Approved Plans

The Haven • 14' x 29' (350 Sq. Ft.)

DIMENSIONS: 14' x 29'-0" • 350 SQ. FT.

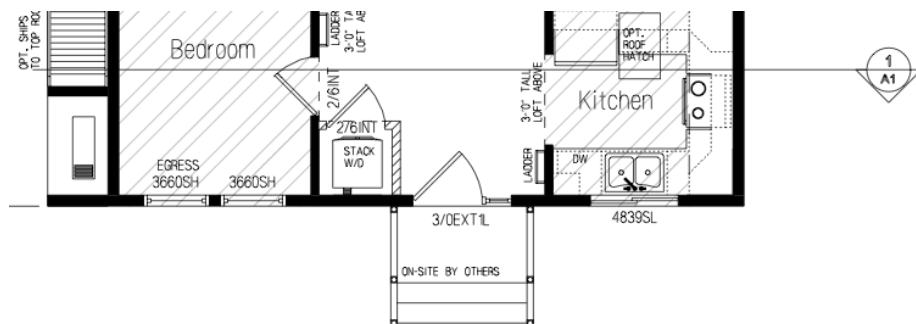

Est. Monthly Rent: \$2,200 – \$2,950 / mo

From Site Audit to Monthly Cash Flow in 30–45 Days

Day 1–5: Site Feasibility & Digital Permit

GIS setback validation, utility hookup mapping, pre-approved architectural plan submission.

Day 6–20: Offsite Factory Modular Build

Precision factory framing, plumbing, electrical, quartz counters, and paint under climate-controlled conditions.

Day 21–25: Foundation & Trenching

Helical pile / concrete pad foundation and underground sewer/power/water utility trenching in yard.

Day 26–30: Crane Delivery & Installation

Single-day crane lift over main house roofline, utility tie-in, and final city inspection sign-off.

Day 31+: Tenant Placement & Monthly Revenue

Furnishing, professional photography, tenant onboarding, and automated monthly revenue-share payouts.

UNLOCK YOUR BACKYARD'S PASSIVE INCOME

Get Your Free 48-Hour Site Feasibility & Revenue-Share Audit

We assess your parcel geometry, local ADU zoning, utility trenching distances, and provide a guaranteed monthly passive income estimate.
