THE AI CAPITAL POWER BROKERS & LEGAL ARCHITECTS

Deep Research on the Key Venture Capitalists, Super-Angels, and Law Firms Orchestrating Frontier AI Capital Raises

CONFIDENTIAL INTELLIGENCE BRIEFING • PREPARED FOR EXECUTIVE LEADERSHIP • AUGUST 2026

EXECUTIVE SUMMARY & THE NEXUS OF AI CAPITAL:

The tens of billions pouring into Frontier AI models, specialized inference infrastructure, and autonomous agent platforms are controlled by an interconnected network of **8 tier-one venture firms**, **2 solo-capitalist syndicates**, **4 sovereign tech giants**, and **4 elite technology law firms**.

By cross-referencing term sheets, SEC Form D venture filings, Delaware corporate charters, and outside counsel disclosures, this dossier reveals the specific individuals and law firms driving the major AI deals.

TIER 1: THE VENTURE CAPITAL KINGMAKERS & KEY DECISION MAKERS

1. THRIVE CAPITAL • Josh Kushner, Miles Grimshaw & Kareem Zaki

THE OPENAI POWER CENTER / #1 LEAD INVESTOR IN THE \$6.6B MEGA-ROUND (\$157B VALUATION)

Primary Firm Counsel: Paul, Weiss & Cooley LLP

Lead Check in OpenAI \$6.6B Round (\$1.3B+ Direct)

The Key Players: Josh Kushner (Founder & Managing Partner), Miles Grimshaw (General Partner), and Kareem Zaki.

How the Deals are Put Together: Thrive Capital has emerged as the single most critical financial backer of OpenAI. Kushner personally negotiated the landmark **\$6.6 billion financing** (valuing OpenAI at \$157B) with exclusive rights to invest an additional \$1B at the same valuation. Thrive executes its legal structuring via Paul, Weiss, Rifkind, Wharton & Garrison (corporate & investment vehicles) and works alongside Cooley LLP (which represents OpenAI in corporate and IPO readiness).

Marquee AI Portfolio: OpenAI (\$6.6B lead), Scale AI (\$1B Series F), Stripe (\$6.5B round), Physical Intelligence (\$400M).

2. ANDREESSEN HOROWITZ (a16z) • Marc Andreessen, Ben Horowitz & Martin Casado

THE PROLIFIC MEGA-DEPLOYER / LEADING XAI (\$6B), MISTRAL (€600M), SSI (\$1B) & DATABRICKS

Primary Fund Counsel: Gunderson Dettmer & Cooley LLP

\$7B+ Deployed into AI Compute & Models

The Key Players: Marc Andreessen (Co-Founder), Martin Casado (General Partner, Infrastructure & AI Lead), and Sarah Wang (Growth Fund Lead).

The Legal & Deal Machinery: a16z uses Gunderson Dettmer for its primary venture fund operations and SPV syndications, paired with Cooley LLP for complex high-growth cross-border financings. They backed Elon Musk's xAI (\$6B Series B), Ilya Sutskever's Safe Superintelligence (SSI - \$1B seed), France's Mistral AI (€600M), and ElevenLabs.

3. SEQUOIA CAPITAL • Roelof Botha, Pat Grady & Sonya Huang

THE SILICON VALLEY BLUE BLOOD / OPENAI, XAI, HARVEY AI, GLEAN & PHYSICAL INTELLIGENCE

Primary Fund Counsel: Cooley LLP & Wilson Sonsini (WSGR)

Authors of the "Generative AI Act Two" Thesis

The Key Players: Roelof Botha (Senior Steward), Pat Grady (Growth Lead), and Sonya Huang (Partner, AI Lead).

The Deal Structure: Sequoia routinely writes the foundational Series A/B checks and anchors the mega growth rounds. They partnered with Cooley and WSGR to back Harvey AI (legal foundation models), Glean (\$4.6B valuation), OpenAI, xAI, and Physical Intelligence (π).

4. KHOSLA VENTURES • Vinod Khosla & Samir Kaul

THE FIRST INSTITUTIONAL BELIEVER / OPENAI FIRST CHECK (\$50M IN 2019), REPLIT & RABBIT

Primary Counsel: Wilson Sonsini (WSGR) & Cooley

Largest Single Return in VC History via OpenAI

The Key Players: Vinod Khosla (Founder) and Samir Kaul (Managing Partner).

The Historical Play: In 2019, when Silicon Valley thought artificial general intelligence was science fiction, Vinod Khosla personally committed \$50 million as OpenAI's first institutional investor. Khosla's transactions are heavily executed through **Wilson Sonsini (WSGR)**, leveraging long-standing corporate relationships in Menlo Park.

5. FOUNDERS FUND • Peter Thiel, Brian Singerman & Trae Stephens

THE HIGH-CONVICTION CONTRARIANS / COGNITION (DEVIN - \$2B), SCALE AI & FIGURE AI

Primary Fund Counsel: Orrick, Herrington & Sutcliffe & Cooley

Leader in Autonomous AI Engineers & Humanoid Robotics

The Key Players: Peter Thiel, Brian Singerman, and Trae Stephens.

The Big Bets: Led the explosive **\$175M Series A/B for Cognition AI (makers of Devin)** at a \$2B valuation within 6 months of founding. Also anchored **Scale AI (\$13.8B)** and **Figure AI (\$2.6B humanoid robotics)**.

6. LIGHTSPEED & INDEX VENTURES • Gaurav Gupta, Nina Achadjian & Mike Volpi

THE ENTERPRISE AI & EUROPEAN CHAMPIONS / MISTRAL AI, GLEAN, COHERE, DEEPL, CURSOR (ANYSHERE)

Primary Counsel: Gunderson Dettmer & Cooley LLP

Dominant in AI Coding & Enterprise Knowledge

The Key Players: Gaurav Gupta & Ravi Mhatre (Lightspeed); Nina Achadjian & Mike Volpi (Index Ventures).

Key AI Deals: Led the breakout rounds for **Cursor (Anysphere)**, **Mistral AI (€600M)**, **Glean (\$4.6B)**, **Cohere (\$5B)**, and **DeepL (\$2B)**.

TIER 2: THE SOLO CAPITALIST SUPER-ANGELS

7. NAT FRIEDMAN, DANIEL GROSS (NFDG) & ELAD GIL

THE KINGPIN SOLO-ANGELS / PERPLEXITY, COGNITION, SAFE SUPERINTELLIGENCE, ELEVENLABS, SUNO, PIKA, HARVEY

Primary Legal Counsel: Gunderson Dettmer & Cooley

The Highest Density Seed-to-Decacorn AI Portfolio

The Dossier: Nat Friedman (former GitHub CEO) and Daniel Gross (former Apple AI Director / YC Partner) run **NFDG / AI Grant** with an exclusive private compute cluster (Andromeda) that gives AI founders immediate GPU access alongside cash. Together with **Elad Gil** (co-founder of Color, investor in Stripe/Airbnb), they represent the single most powerful angel syndicate in AI history.

Their Footprint: They co-led or seeded **Perplexity AI**, **Cognition**, **Safe Superintelligence**, **Character.ai**, **ElevenLabs**, **Suno**, **Harvey**, and **Pika**.

TIER 3: THE CORPORATE TECH GIANTS (CLOUD & GPU COMPUTATION DEALS)

8. MICROSOFT, NVIDIA, AMAZON & GOOGLE

THE CLOUD-FOR-EQUITY & INFRASTRUCTURE TITANS / MULTI-BILLION STRATEGIC COMPUTE SYNDICATES

Corporate Counsel: Simpson Thacher, Gibson Dunn, Cleary Gottlieb, Latham

Microsoft (Satya Nadella, Kevin Scott): \$13B+ into OpenAI; represented by **Simpson Thacher & Bartlett** and **Covington & Burling**. **Nvidia / NVentures (Jensen Huang, Mohamed Siddeek):** Equity backer in OpenAI, xAI, Mistral, Cohere, Perplexity, Figure AI, CoreWeave; represented by **Cooley** and **Latham & Watkins**.

Amazon (Andy Jassy): \$4B into Anthropic; represented by **Gibson, Dunn & Crutcher**.

Google / Alphabet (Sundar Pichai): \$2B into Anthropic, Character.ai restructuring; represented by **Cleary Gottlieb** and **Wilson Sonsini**.
