EARLY-STAGE & RECENT BATCH LEGAL FORMATION METHODOLOGY

- Standardized Startup Automation:** For pre-seed and seed-stage YC startups (including recent batch entities), incorporation (Delaware C-Corp) and standard YC Post-Money SAFE financings are handled via automated platforms: Clerky (founded by WSGR attorneys), Cooley GO, and Gunderson Launch.
- Statutory Confidentiality:** Privately held startups with under \$10M raised are under no statutory duty to disclose legal counsel. Outside law firms formally enter the public record upon filing SEC S-1/S-4 registration statements, announcing institutional priced rounds (Series A/B), or filing HSR premerger notifications.
